

Lisa Haskell

Dirigo Detailing, LLC
280 Tyler Road
Windsor, ME 04363
Phone: 207-512-2699

Objective

To detail efficiently and to aid in the fabrication and erection of steel structures by providing clear and concise shop and erection drawings

Qualifications

I worked directly for fabrication shops where I produced shop drawings for several large projects including high rise buildings, hotels, hospitals, office buildings and others. I have worked on smaller projects including schools and restaurants. I have been working with the SDS2 system since 1997. Also, I have over five years of checking experience and have worked in the capacity of lead detailer and project manager.
